## About Hope Builders

Hope Builders is a full-service contracting company, committed to delivering value and quality, effectively serving the needs of private investors, cities, businesses and community groups since 2007. Hope Builders provides a variety of services – from general contracting services for new residential construction to renovation and rehabilitation of existing homes – delivering high-quality work at an affordable price.

Specializing in distressed properties, Hope Builders tailors project timelines and budgets to the unique needs of that market. Hope Builders delivers the highest craftsmanship and superior service to customers throughout Southern California.

Hope Builders is led by the Director of Hope Builders, Cathy Larson, a seasoned professional with more than 25 years' experience in the building industry. The Hope Builders team of OSHA – Certified crew members is professional, reliable and well trained in the fundamentals of construction.

Delivering professional workmanship on time and on budget, Hope Builders has earned its reputation as a valued partner dedicated to creating lasting relationships and providing the best service and value in the industry.
